

Backfill Analysis									
Checker instructions:									
Look at each row of the matrix, and confirm that any differences between the time, are small or not at all understood									
For each value in the "Spot check value" columns, confirm that the value matches the same day's value on the data's page (see note on column header)									
If all bulks good, copy/paste each of the proposed column into same daily									
Date	Total PCR Tests (People)	Proposed	Spot check value	Negative (People) (PCR)	Proposed	Spot check value	Positive Cases (PCR)	Proposed	Spot check value
